

## Areas To Consider For Development In Becoming More Effective:

- Giving personable and empathetic feedback to others.
- Resisting the temptation to openly criticise others.
- Remembering to plan and to take care of the details.
- Increasing your awareness of and sharing your own feelings with others.
- Developing your active listening skills.
- Considering the impacts of your decisions on others.
- Prioritising, planning, organising and scheduling!
- Slowing down and developing mastery one skill at a time.
- Taking time out to relax.

*Which of the above would you like to focus on first?*

*How will you know when you have developed in this area?*

*Who do you know that does this well?*

*Start small - what activities could you do to promote development in your chosen area?*

## Before You Consider Any Personal Development You May Like To Consider The Following:

Which parts of the ENTP personality description are particularly true for you?

- What are your strengths as an ENTP?
- Which parts of the ISFJ personality description do you find particularly unlike you?
- Have you sought any feedback from others?
- How important it is for you to develop some of the areas suggested?
- What specifically is your goal?
- What support do you need for this development?
- What challenges might you face on your development journey?
